

Call for Abstracts
MODSIM World 2017 “Modeling and Simulation in the Age of Data”
www.modsimworld.org

Submission Deadline: 07 December 2016

MODSIM World 2017 will be held 25-27 April 2017 in Virginia Beach, VA, co-located with the Spring Simulation Multi-Conference SpringSim’17 (<http://scs.org/springsim>)

Information is more than pervasive; it is a transformative, even disruptive force across communities engaged in or served by modeling and simulation (M&S). Adopting the theme “*Modeling and Simulation in the Age of Data*”, **MODSIM World 2017** is a timely and relevant forum for participants to engage with each other in an impactful gathering of decision makers, solution providers, and M&S professionals. Confronting the need to innovate, adapt and evolve, **MODSIM World 2017** connects individuals to the M&S community, problems to M&S solutions, and disciplines and industries to more diverse and forward-thinking affinity groups.

We are pleased to announce this Call for Abstracts for **MODSIM World 2017**, to be held **25-27 April 2017** at the Virginia Beach Convention Center. This unique, multi-disciplinary, and international conference and exposition features four Presentation Tracks, focusing on M&S communities of practice, as well as industry-focused Conference Themes, highlighted across tracks and each culminating in an Industry Workshop. In addition to the presentations and panel discussions featuring leaders employing or developing M&S, this year’s program offers innovative and interactive events, such as an Entrepreneur Competition, Modeling and Simulation Challenge Competition, and Technology Showcases to provide an even more dynamic and engaging environment to share your ideas, results, products and services.

We welcome your abstract to **MODSIM WORLD 2017**. Please submit your abstract submission to one of the following MODSIM World conference tracks:

- Training and Education: enhancing the application of M&S in training and education
- Analytics and Decision-Making: M&S for decision support, data mining, prediction, analysis
- Science and Engineering: enhancing M&S from concept to integration to visualization
- Visualization and Gamification: techniques to enhance M&S-enabled training & decision aiding

- Abstract Submission Guidelines –

Abstracts of up to 250 words must be submitted by **07 December 2016**. Include (1) a concise and descriptive title and the author(s) affiliation(s); (2) a short statement of the main point(s); (3) the methodology (for experimental and survey work); (4) the scope of the work; and (5) key findings and major conclusions.

To submit an abstract please follow the submission instructions here: www.modsimworld.org. You may direct questions to the program chair, Benjamin Bell (benjamin.bell@eduworks.com) or to the deputy program chair, Marco Estrada (marco.t.estrada@hii-nns.com).
